**To Whom It May Concern**

I am writing to recommend Ms. Arisha Ghazal, who has been under my academic supervision as a member of her MS research supervisory committee. She was also my student in the course ENG623 Research Methodology for English, where she demonstrated consistent academic commitment and a genuine interest in research.

I had the opportunity to co-supervise her MS thesis, *“Unravelling Global Perceptions of the 2023 Israel– Hamas Conflict: A Discourse-Historical Analysis of Tweets.”* Throughout her research, she showed good analytical skills, a sound understanding of research methodologies, and the ability to work independently while remaining receptive to academic guidance.

Arisha has also been actively involved in collaborative research and has contributed to publications in the areas of discourse analysis, digital communication, and social media studies. Her research reflects diligence, critical thinking, and a sincere commitment to academic work.

Beyond her academic performance, Arisha is responsible, hardworking, and disciplined. She approaches her work with dedication and demonstrates the qualities expected of a promising researcher.

I am confident that she will continue to perform well in any academic or research opportunity she pursues. I recommend her without reservation and believe she will make a positive contribution to any institution she joins.

If you require any further information, please feel free to contact me.

Sincerely,

Dr. Aasia Nusrat
